

ACE Explorer Instructions

ACE Explorer is an online game that measures additional aspects of brain performance that are being tested for possible incorporation into the BrainHealth Index. Allow 20-25 minutes to play.

We will provide your unique login and participant ID.

Other things to note:

- You'll need to complete this on a desktop computer or tablet.
- During the game, instructions may ask you to press a letter. Please tap the letter on your keyboard (don't try to click on the letter with your mouse).
